

OUTDOOR FIREPLACES

FIRE BY **escea.**

The comforts of indoors, out.

Fireplaces have a mesmerising quality – people love sitting around them and watching the flames flicker. An outdoor fireplace means you can entertain late into the night, creating a dramatic focal point that’s warm and inviting.

Whether it’s outdoor cooking on a wood fuelled fireplace, or the instant convenience of a gas fireplace, Escea’s outdoor range makes entertaining easy.

“Whether indoor or outdoor, our approach to designing a fireplace remains the same. We start with the customer in mind and think about how they live their lives (or wish they did). It’s about creating a social hub for the family to gather and relax. Whether that means eating, drinking, entertaining, or just flame watching.”

ALEX HODGE

The ultimate outdoor cooking fire.

The EK Series Outdoor Fireplace Kitchen comes equipped with everything you need to achieve a smoky meat lover's feast - an Ember Generator, 13-point adjustable cooking plates, grills and meat hooks. Best of all, once the flame cooking is done, it all hides underneath a stainless steel draw. Leaving you with a roaring outdoor fireplace to relax in front of into the small hours.

Professional grilling

13-point adjustable height grills and an Ember Generator let you cook your food at the perfect temperature, for that delicious flame grilled smoky flavour.

Grill then chill

When not being used, the cooking grills hide underneath the stainless steel lid, giving you a roaring fire sure to get the party started.

Inside, out

The EK Series features new technology that allows the fireplace to be attached to the home, for greater indoor-outdoor flow.

EP1350

More flames, less smoke.

Inspired by the classic campfire, the Fire Table is made for gathering, sharing and marshmallow toasting. It's a new twist on an old classic. Only better, because Escea's Vortex Firecore technology gives you the warmth, ambience and flames of a campfire, without all the smoke.

360° social cooking experience.

Whether you're cooking for two, feeding the whole family, or hosting a tribe, the Fire Table offers a 360° social cooking experience that gets everyone involved. With three cooking modes to choose from, everyone can cook their food just the way they like it.

Cool-touch

Keep your food warm and your drinks cool with the Fire Table's cool-touch feature. When the fire is going, the outer ring is designed to be cool enough to rest your food, drinks or your elbows, making it safe for the whole family.

Grill then chill

Once the cooking is done, the Fire Table becomes your night companion. Remove the cooking grills and add some wood to bring the flames alive. Marshmallow toasting becomes mandatory and relaxing is a given.

Entertaining's never been so easy.

Operated by the touch of a button, the EF5000 gives you quick convenient heat so you can get down to the business of relaxing in front of the flames.

The EF5000 offers simple installation, without the need for a flue. With a Zero Clearance rating, it can be installed straight into any timber-framed or masonry cavity.

Kitset enclosure (optional)

The optional Kitset Enclosure (KSE) is perfect if your outdoor area doesn't have an existing structure. Simply assemble and then cover the KSE with a waterproof backing board and cladding of your choice.

The assembled structure has the following dimensions: 1800w x 1200h x 600d (mm).

Surround choice

This fireplace has Zero Rated clearance which means the interior wall stays cool enough to handle most materials. There's no need for expensive fire-rated wall constructions and when it comes to the fireplace surround, you have a wider range of choices.

EW5000

Eat out, at yours.

For the traditionalists, drawn to spark and flame, the EW5000 provides a wood fire that you can cook on, as well as bask in front of. The EW5000 can be installed with or without the stainless steel frame.

For durability, Escea constructed the firebox of high quality 4mm thick steel. This outdoor barbecue fire needs to be enclosed in non-combustible masonry, stone, concrete or brickwork.

Kitset enclosure (optional)

The Kitset Enclosure (KSE) is perfect if your outdoor area doesn't have an existing structure. Simply assemble and then cover the KSE with a waterproof backing board and fire-rated cladding of your choice.

The assembled structure has the following dimensions: 1800w x 1200h x 600d (mm).

Cooking plate

The EW5000 wood fireplace comes with an adjustable cooking plate which can be stored under the ash pan when not needed.

The plate can be placed at three different heights to regulate heat.

Indoor Fireplaces

When you're not entertaining outdoors, an Escea indoor gas fireplace will turn your living room into a social hub. All indoor Escea gas fireplaces have smart phone control, high efficiency, and flues that can run in any direction to give you ultimate creative freedom.
